

Scalability & Future Plan

Date	05 july 2026
Team ID	XXXXXX
Project Name	Emotion Detection & Learning Support Engine
Maximum Marks	1 Mark

Scalability & Future Plan:

This document outlines how the current project solution can be scaled to handle larger user bases, increased data loads, or extended features in the future. It also captures the team's roadmap for enhancing and evolving the project beyond its current state.

Current System Limitations:

S.No	Limitation	Impact	Priority to Address (High / Medium / Low)
1	Limited number of concurrent users	Performance may decrease with many users	High
2	Local database storage	Difficult to manage large-scale data	Medium
3	Basic emotion detection accuracy	May not detect all emotions accurately in varying conditions	High

Scalability Plan:

S.No	Scalability Aspect	Current State	Proposed Upgrade / Solution
1	User Load	Supports limited users	Deploy on cloud infrastructure with load balancing
2	Data Storage	Local database	Migrate to scalable cloud database services
3	Performance	Standard processing speed	Optimize ML models and implement caching techniques
4	Security	Basic authentication	Add multi-factor authentication and enhanced encryption

Future Roadmap:

Phase	Planned Feature / Enhancement	Target Timeline	Expected Impact
-------	-------------------------------	-----------------	-----------------

Phase 1	Improve Emotion Detection Accuracy	3 Months	More reliable emotion predictions
Phase 2	Mobile Application Development	6 Months	Increased accessibility for students
Phase 3	Real-Time Analytics Dashboard	9 Months	Better monitoring and insights
Phase 4	AI-Based Personalized Learning Assistant	12 Months	Enhanced learning support and engagement
